

The image shows a large industrial printing plant. In the foreground, there are several stacks of paper on wooden pallets. The background is filled with complex machinery, including conveyor belts and large rollers, all under a high ceiling with a steel truss structure and industrial lighting. The entire scene is bathed in a warm, orange-toned light. The logo for CPK PRINTING is centered in the middle of the image. The letters 'CPK' are large and stylized, with the 'C' and 'P' connected. Below 'CPK', the word 'PRINTING' is written in a smaller, clean, sans-serif font, followed by a registered trademark symbol (®).

ABOUT US

We are backed by more than **24 years** of experience in the graphic arts.

We are dedicated to provide integral printing solutions to all our customers.

TECHNOLOGIES

OFFSET PRINTING

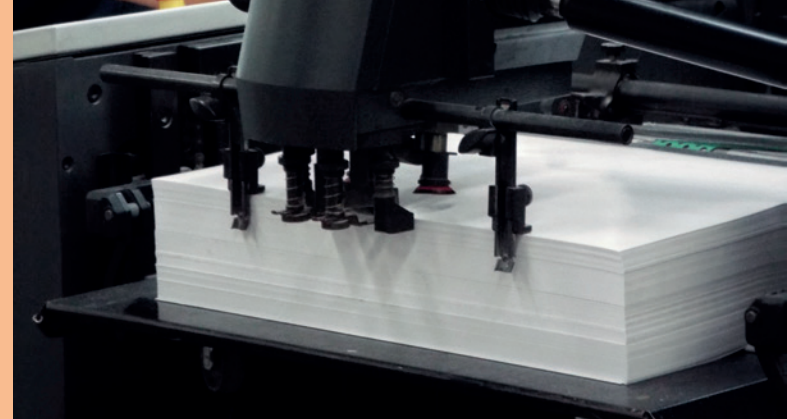

- Recurring productions
- Ideal for medium and high volume
- Wide variety of applicable papers
- All jobs on cut paper

DIGITAL PRINTING

- Immediate production response
- Versatility of volumes
- Wide variety of applicable papers
- All jobs on cut paper

LARGE FORMAT- HIGH RESOLUTION

- Large scale applications
- Productions that generate visual impact
- Ideal for trade marketing tools

A close-up photograph of a person's hands holding a thick stack of white printed papers. The person is wearing a blue and white striped shirt. In the background, a blurred industrial printing machine is visible. The scene is set in a factory or production line environment. An orange vertical bar is on the left side of the image.

PRODUCTION LINES

Knowing how important each element of the product is, we create tailor-made projects for each client, whether they need printing on demand or to develop a project. We use the latest in printing and finishing technology to provide an agile response to every need.

User manual

AIR CONDITIONER / CONTROL

1 Press the **FUNCTION selector** so that the display indicates **#ICOLLI**.

Set the desired **FAN SPEED** with the **+ (FAN SPEED)** button (the display indicates the settings).

2 **(AUTO)** The **FAN SPEED** is set at first and varies to **MED** automatically when the preset temperature has been reached.

(ECON) Economical as the room will become cool quickly.

(MEDI) Quiet.

(LOW) More quiet.

Set the desired room temperature with the **TEMPERATURE** button (the display indicates the setting).

The range of 23-28°C is recommended as the room temperature for cooling.

If the temperature setting is 27°C, the open temperature will be controlled at about 27°C.

The temperature setting and the actual room temperature may vary some how depending on conditions.

Press the **(START/STOP)** button. Cooling operation starts with a beep. Press the button again to stop operation. The available function does not start if the temperature setting is higher than the current room temperature (even though the **(OPERATION)** lamp lights). The cooling function will stop at once as you set the temperature below the current room temperature.

As the settings are stored in memory in the remote control, you only have to press the **(START/STOP)** button next time.

Precautions for Use

- Do not put the remote controller in the following places.
 - Under direct sunlight.
 - In the vicinity of a heater.
- Handle the remote controller carefully. Do not drop it on the floor, and protect it from water.
- Once the outdoor unit stops, it will not restart for about 3 minutes unless you turn the power switch off and on or unplug the power cord and plug it in again.
- This is to protect the device and does not indicate a failure.
- If you press the **FUNCTION selector** button during operation, the device may stop for about 3 minutes for protection.

A photograph showing the interior of a car from the driver's perspective. The sun visor is down, and a yellow and white warning sticker is attached to it. The sticker contains text in Spanish and English, along with a graphic of a person in a car seat. The view through the windshield shows a parking lot with several cars and a brick building in the background. The image has a warm, orange-tinted color palette.

⚠ WARNING / ADVERTENCIA

EVEN WITH ADVANCED AIR BAGS

Children can be killed or seriously injured by the air bag.
The back seat is the safest place for children.
Never put a rear-facing child seat in the front.
Always use seat belts and child restraints.
See owner's manual for more information about air bags.

INCLUSO CON EL SISTEMA AVANZADO DE BOLSAS DE A

Las bolsas de aire pueden ocasionar lesiones graves o incluso la muerte de niños.
El asiento trasero es el lugar más seguro para los niños.
Nunca instalar la silla para niños con vista hacia atrás en el asiento delantero.
Utilizar siempre cinturones de seguridad y dispositivos de sujeción para niños.
Para más información sobre las bolsas de aire, ver manual de conductor.
